

# APRIL 2026 NEWSLETTER

## APRIL HIGHLIGHTS

As we welcome the month of April, we're excited for a fun and enriching time ahead! This month, we'll embrace the beauty of spring with outdoor activities, nature walks, and creative art projects.

Our focus will be on themes that teach about the environment and the wonders of nature, helping the children develop a deeper connection to the world around them.

We will also be preparing for special events like Easter and Earth Day, with plenty of fun crafts and engaging learning activities. Easter is a time to celebrate the arrival of Spring, a season filled with warmth, family, and joy. April is the perfect time to enjoy the outdoors, work together, and make lasting memories. Stay tuned for all the exciting things coming this month!

## FAMILY CONNECTION & PARENT RESOURCES

### Parent Education Resource: Five Strategies to Improve Parent-Child Communication

Strong communication helps children feel understood, confident, and emotionally secure. This month, we encourage parents to explore simple ways to improve communication with their children.
