

SEPTEMBER 2026 NEWSLETTER

**BUILDING
BLOCKS
ACADEMY**

WELCOME, SEPTEMBER!

As we turn the page into September, we're excited to welcome a new season of learning, growth, and discovery! Whether your child is new to our center or returning after summer, we are thrilled to have your family with us as we kick off a fresh start to the school year.

This month, we'll be focusing on building new classroom routines, following schedules, navigating transitions, fostering friendships, and helping children feel comfortable and confident in their environment. September also brings the early signs of fall—cooler weather, colorful leaves, and plenty of seasonal fun. Our classrooms will be exploring back-to-school themes through learning, books, sensory activities, art projects, and outdoor play.

You will begin to notice more structure in your child's day as we settle into our learning routines. We'll also be focusing on important skills like sharing, listening, and cooperating as we build a strong classroom community.

Thank you for trusting us with your child's care and early education. We look forward to a fantastic month full of laughter, learning, and lots of fun!

REMINDERS

Get Ready for Back to School!

Please schedule your child's doctor's appointments to ensure their immunizations are up to date, and to obtain a current health statement, as well as hearing and vision screenings.
